Read about the weather forecast in the UK and draw the symbols on the map!

In the extreme north it is snowing in Scotland and the weather is very cold. In the centre and north of England it is raining. In the west, in Wales, it is very cloudy. Even further to the west in Ireland there will be very strong winds. In the south west and the south east of England it will be much warmer and tomorrow will be very sunny. Tonight there will be storms along the east coast of England and Scotland. We can expect thunder and lightning throughout the evening.

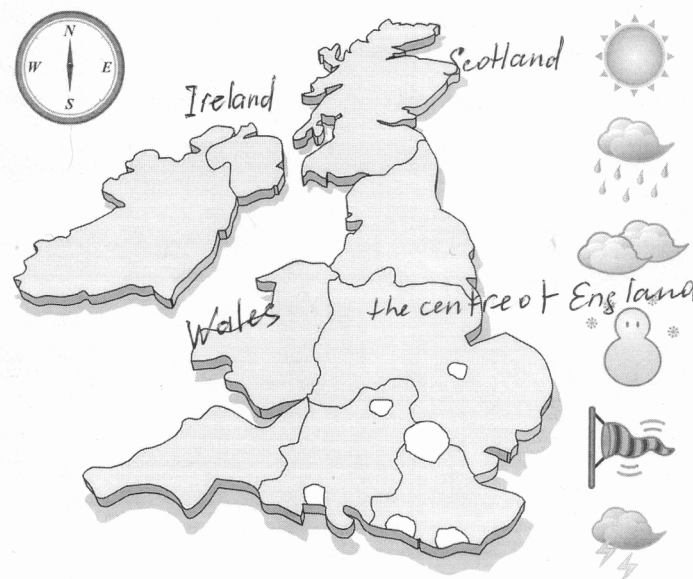

C. Now make a weather map for your country!

Bill: I like snow and frost. Winter sports are my favourite. I'm sorry, but we have little snow in winter. In winter my parents and I are going to visit Finland. There is a lot of snow there in winter and we can ski as much as we want.
If this winter is snowy, we will stay in our town.

Ray: In Britain we have both hot and cold weather. I think it is fine. I don't mind **whether** (ли) it is cold or warm. I can find interesting activities in different weather. In winter I play hockey and ski. In summer I swim and fish. A new season comes and new activities begin.

P: I would love winter **but for** (если бы не) the cold winds and wet snow. I hate wearing warm clothes and that's why, my favorite season is summer. Because I would go to Spain. It is warm and sometimes hot. There are many fruits, berries and vegetables. In summer I can spend my time on the beach of the sea. I adore to swim. I will cycle and go roller-blading.
I will have a good time!
